

ABOUT SISTERHOOD

RTPV Sisterhood is an integral part of the Reform Temple of Putnam Valley providing a network of support for the congregation and for its members.

The temple experience is enhanced multifold through their efforts; it would be impossible to imagine temple life without them.

Sisterhood provides an organization where all can work together to make Judaism meaningful, dynamic, and vital for every member and their families.

As the collective voice of the women of RTPV, recognizing the most inclusive use of the term women to include non-binary and transgender members, our goal is to enjoy and explore spiritual and social programs together in friendship, and to provide opportunities to perform acts of Tikkun Olam (repairing the world).

Our partnership with the Women of Reform Judaism (WRJ) enables Sisterhood to further its dedication to the needs of the Temple as well as learn from and contribute to the activities and goals of the greater Jewish reform community.
